Welcome to our keynote Speaker

Joy in God, Community and Life

God provides a way for us to experience real, deep, meaningful joy despite our circumstances, our past, or our future. In her most recent book, *Deep Joy: 40 Meditations for Your Life*, Dr. Beth-Sarah Wright leads you on a journey to discover joy in all things through scripture and quotes from “Joy when it Joyless” to “Joy in Doing Nothing!” to “The Joy of Peace.” Join us as we discover how to authentically experience joy in God, in community and in your life! Deep joy is always possible!

Dr. Beth-Sarah Wright

She helps to develop the courage for transformation and change, so that we can maximize our full potential, make meaningful progress on our dreams and live authentically! Wright is an advocate for authenticity no matter what our context, by aligning our dreams with our lived realities. From mental wellness, spiritual growth to strategic planning in our communities, her books cover a range of topics that invite us to thrive with dignity in all we do!
